(*Mentha Spicata*)
- Clove Oil.....1.00% w/w  
(*Cinnamomum Zeylanicum*)
- Clove Oil (Lavang Oil).....1.00% w/w  
(*Syzygium Aromaticum*)
- Nilgiri Oil .....7.00% w/w  
(*Eucalyptus Globulus*)
- Gandhpuro Oil.....12.00% w/w  
(*Gaultheria Fragrantissima*)
- Kapoor.....7.00% w/w  
(*Cinnamomum Camphora*)
- Phudina ka Phool (Menthol).....7.00% w/w  
(*Mentha Sylvestris*)
- Hydroxy Propyl Methyl Cellulose.....0.70% w/w
- Carbomer.....0.70% w/w
- Sodium Methyl Paraben.....0.10% w/w
- DM Water.....q.s.

**Key Ingredients:**

1. **Gandhpuro Oil (*Gaultheria Fragrantissima*):** Rich in methyl salicylate, acts as a natural analgesic and anti-inflammatory agent.
2. **Nilgiri Oil (*Eucalyptus Globulus*):** Provides deep tissue relief, soothes stiffness, and promotes blood flow.

3. **Kapoor (Cinnamomum Camphora):** Offers cooling effect, reduces inflammation, and improves circulation.
4. **Menthol (Phudina ka Phool):** Provides instant cooling and counterirritant action, masking pain signals.
5. **Clove Oil (Syzygium Aromaticum):** Anti-inflammatory and local anesthetic, helps in relieving joint and nerve pain.
6. **Dalchini Oil (Cinnamomum Zeylanicum):** Boosts circulation and delivers warmth to stiff muscles.
7. **Piperment Oil (Mentha Spicata):** Helps relax muscles, reduce soreness, and acts as a natural stress reliever.
8. **Hydroxy Propyl Methyl Cellulose and Carbomer:** Gel-forming agents ensuring even consistency and smooth application.
9. **Sodium Methyl Paraben:** Acts as a preservative to maintain product stability and safety.

#### **Key Benefits:**

1. Rapid relief from muscle and joint pain
2. Eases stiffness, cramps, sprains, and backache
3. Enhances blood flow to affected areas
4. Helps reduce inflammation and swelling
5. Provides dual action: cooling and warming sensation
6. Non-greasy and suitable for regular use
7. Herbal formulation with no systemic side effects

#### **Indications:**

1. Muscle Pain
2. Joint Pain
3. Rheumatic Conditions
4. Arthritis
5. Sports Injuries
6. Sprains and Strains
7. Lower Back Pain
8. Cervical and Lumbar Spondylosis

#### **Directions for Use:**

1. Clean and dry the affected area before application
2. Apply a sufficient quantity of SANTOSA LOTION directly on the skin
3. Gently massage in circular motion until fully absorbed
4. Use 2-3 times daily or as advised by your physician

### **Doses and Administration:**

1. Suitable for adults and children above 12 years
2. For external use only
3. Do not apply on open wounds or broken skin
4. Wash hands thoroughly after application

### **Safety Information:**

1. Read label before use
2. For topical application only
3. Avoid contact with eyes, mouth, and mucous membranes
4. Keep out of reach of children
5. Discontinue use if any irritation or allergic reaction occurs
6. Not suitable for individuals with known hypersensitivity to any ingredients

### **Mechanism of Action:**

- SANTOSA LOTION works through counterirritant and anti-inflammatory mechanisms.
- Menthol and camphor activate the skin's thermoreceptors, producing a cooling effect followed by a warming sensation that helps distract pain receptors.
- Gandhpuro Oil, rich in methyl salicylate, inhibits pain-causing prostaglandins. Eucalyptus, clove, and cinnamon oils improve microcirculation, reduce inflammation, and support natural healing by enhancing nutrient supply to the affected tissues.

### **Contraindications:**

1. Hypersensitivity to any component of the formulation
2. Children below 12 years (unless under medical supervision)
3. Pregnant or breastfeeding women should consult a physician before use
4. Not to be used on broken or irritated skin

### **Side Effects:**

1. Mild irritation or redness at the site of application (rare)
2. Allergic dermatitis in sensitive individuals

### **Important Notice:**

- This product is not intended to diagnose, treat, cure, or prevent any disease.

- It is a supportive external therapy.
- Consult a healthcare professional if symptoms persist or worsen.

**Storage Condition:**

1. Store in a cool, dry place below 30°C
2. Protect from direct sunlight and heat
3. Keep the bottle tightly closed after use

**Packing Information:**

1. Primary Container: HDPE Bottle with outer box
2. Pack Size: 60 ml
