

Brand Name: PROQVIT POWDER

Composition: protein with vitamin B12 & DHA.

Dosage Form: Powder

Flavour: Chocolate & Kesar-elaichi flavoures

Category: Nutritional Health Supplement.

Packaging Type: HDPE jar.

Packaging: 200 gm.

Brief Product Information:

PROQVIT is a high-protein, multivitamin and multimineral health supplement powder, manufactured by AstraEureka Pharmaceutical – a trusted manufacturer of composition. It is formulated to meet daily nutritional needs, boost energy, and improve overall wellness. With 30% protein content and a complete blend of vitamins (A, B-complex, C, D3, E, K), minerals, DHA, and antioxidants, PROQVIT supports growth, stamina, cognitive development, and immunity. Ideal for growing children, athletes, patients in recovery, and individuals with poor dietary intake. It can be taken with milk or water as advised by a physician.

Key Ingredients:

1. High-quality protein (30%)
2. DHA, Vitamins A, B1, B2, B6, B12, C, D3, E, K
3. Folic acid, Calcium, Iron, Selenium
4. Chromium, Copper, Manganese, Magnesium

Key Benefits:

1. Supports growth and muscle development
2. Enhances energy and immunity
3. Improves memory, vision, and metabolism
4. Aids recovery in illness or malnutrition
5. Strengthens bones and blood formation

Indications:

1. Protein-energy malnutrition
2. General weakness or fatigue
3. Poor appetite or dietary gaps
4. Post-illness recovery
5. Nutritional supplementation for kids and elderly

Directions for Use:

1. Mix 1-2 scoops (as per need) in milk or lukewarm water
2. Stir well and consume immediately
3. Can be taken once or twice daily

Dosage and Administration:

1. Children: 1 scoop daily
2. Adults: 1-2 scoops daily
3. Or as advised by a healthcare professional

Safety Information:

1. Store in a cool, dry place

2. Keep out of reach of children
3. Close jar tightly after each use
4. Not for parenteral use
5. Use within 30 days after opening
6. Consult a doctor in pregnancy or chronic illness

Mechanism of Action:

- PROQVIT works by providing balanced macronutrients (proteins, carbs) and micronutrients (vitamins, minerals) essential for cellular functions.
- **Proteins** support muscle growth and repair. **B-complex vitamins** help in energy metabolism and neural support.
- **Vitamins A, C, E, and selenium** act as antioxidants. **DHA** aids in brain development. **Iron and folic acid** improve hemoglobin levels.
- **Calcium and vitamin D3** strengthen bones. This synergy enhances vitality and health.

Contraindications:

1. Hypersensitivity to any ingredient
2. Renal failure or protein-restricted conditions
3. Hypervitaminosis (excessive vitamin intake)

Side Effects:

1. Rare gastrointestinal discomfort
2. Overdose may lead to vitamin toxicity

Important Notice:

- Nutritional supplement, not for medicinal use.
- Use only under medical advice.
- Not to be used as a meal replacement.

Storage Condition:

1. Store below 25°C.
2. Protect from moisture and direct sunlight.
3. Do not refrigerate.

Packing Information:

- Packed in 200 gm HDPE jar.
- Resealable for freshness and hygiene.

- Available in Chocolate & Kesar- elaichi flavours.
