- All quality certificates, product specification, formulation etc. can be provided for processing Local Health Ministry clearance to customers.
- For specific requirements of Communities across the global.

# 100% Natural Psyllium Husk Effervecent Fiber Therapy

## Why Psyllium?

Psyllium is the best dietary fiber source, a bulk laxative which can absorb nearly 50 times of water than its weight. It's clinically proven that psyllium helps in removing constipation, bad cholesterol and diabetes.

## Why Effervescent?

It's clinically proven that effervescence state eliminates bad bacteria and gases produced in stomach, which helps in curing acidity

# OUR PRODUCTS

## Psyllium Capsules: 500 mg each per capsules (Veg.capsules)

### Composition:

Isabgol Powder / Psyllium husk Powder

### Products Description:

As you know very well that sat-isabgol (psyllium husk) is only an upper coat of isabgol seed, which have no nutrition value but only fibers, which absorbs more than 50 times of its weight and form a gel which is mucilage after absorbing water it moves downward and remove constipation naturally.

Sat-isabgol is very sensitive to moisture. When we swallow this material stick in mouth. This is main problem with it. So we make capsules. Each capsules contains. 500 mg sat-isabgol fine powder. After taking these capsules it dissolves and releases the medicament in stomach and activates.

This product is for people who have trouble to swallow SAT ISABGOL directly, as SAT ISABGOL is highly moisture sensitive product so a capsule is right option, also using this product you can control-volume of sat Isabgol . Each Capsule contains 500 mg micro grinded powder this product is very suitable to take with food. you can consume 1- or 2 capsules in mid of food with sufficient liquid. This in take mixes in food and your food will be mucilage fiber mix which helps relief constipation due to its water holding capacity, mainly to gas troubled and geriatric patients. This is best for piles and fisher patients too. You can set your dosage according to your body nature & quantity of food intake, you can also increase your dose while having heavy food.

### Benefits:

It removes constipation, controls cholesterol and diabetes. It also helps in weight loss (as stomach becomes bulky after too much of water absorption).

### Dosage:

Some people take it with food some people take it at night. Dose and interval can be subjected to the body nature, food quantity and type.

### Packing:

120 capsules in a plastic jar, 1x10 Blister pack

(We can provide packing volume / weight as per specific customer requirements in any specified packing material)

## Psyllium Effervescent –Sugar Free Powder

### Composition:

Psyllium husk powder, Sodium bicarbonate, Citric acid, flavor, Aspartame, Natural/Nature identical color.

### Products Description:

Psyllium Husk is only upper layer of psyllium seed(isabgol seed) which is an agricultural crop, grown only in Gujarat & surrounding areas. Isabgol is a unani herb which is widely used in all over the world as a dietary supplement. Isabgol Husk has no nutrition, it has only fibers in which 80% fibers are water soluble. As per worldwide studies, dietary fiber is cleaning all body toxins & serum cholesterol & non-soluble fiber cleans food pipes. The main speciality of Psyllium Husk, it seems sticky but is not a gum, its a mucilage. This product absorb water & makes outer layer slippery by which food pipes gets cleaned.

There are many laxatives in market but from centuries Sat-Isabgol is as it is used. We try to bring advance products in it. We have made many formulations for this product like effervescent(blowing formula), capsules, powder form & blended with other items.

### Usage:

1 teaspoon = 5 gms (approx.) of flavored psyllium sufficient for average person(add as per your requirement). Add 1 teaspoon into a glass of water(approx. 250 ml), stir & drink immediately. An additional glass of water is advisable.

### Benefits:

This combination is most popular in the world. sajjikhar and nimboo phool reacts in water which generates carbon dioxide that helps to kill the gas generating bacteria, whereas water becomes high pH & acidic value to scratch food pipes in generating dirty water. Sat-Isabgol powder absorb it & removes it.

### Packing:

50/ 100/200/400 Gms. Plastic Bottle,

**Bulk packing : with Aluminum Moisture Free Bag + outer drum Pack**

(We can provide packing volume / weight as per specific customer requirements in any specified packing material)

## Psyllium Natural –Sugar Free /with sugar Powder

### Composition:

Psyllium husk powder, flavor, Aspartame / Sugar, Natural/Nature identical color. We are manufacturer of Psyllium Natural which comes in orange flavor and sugar free/with Sugar. It is best dietary fiber supplement.

### Products Description:

Psyllium Husk is only upper layer of psyllium seed(isabgol seed) which is an agricultural crop, seen only in Gujarat & surrounding areas. Isabgol is a unani herb which is widely used in all over the world as a dietary supplement. Isabgol Husk has no nutrition, it has only fibers in which 80% fibers are water soluble. As per worldwide studies, dietary fiber is cleaning all body toxins & serum cholesterol & non-soluble fiber cleans food pipes.
