Brief Product Introduction:

Ayucolic Drops is a gentle yet effective Ayurvedic formulation manufactured by **AstraEureka Pharmaceutical**, a trusted **manufacturer of composition** using traditional and scientifically-backed herbal ingredients. Designed for infants and young children, Ayucolic Drops provide rapid relief from colic, gas, indigestion, and abdominal discomfort. Its herbal components like Hing, Satpushpa, Elaichi, and Ativisha are time-tested for soothing gastrointestinal distress and promoting healthy digestion.

Composition:

Each ml contains:

- Black Salt Powder (Powder).....A.B. 2 mg
Hing (Ferula Assa-foetida)
- ResinA.B. 1 mg
- Sindhav Powder.....A.B. 1 mg
- Nimbu (Citric Acid) Crystal.....A.B. 1 mg
- Ativisha (Aconitum heterophyllum) Root Extract.....A.B. 0.5 mg
- Khurasini Ajwain (Hyoscyamus Niger) Seed.....A.B. 0.75 mg
- Elaichi (Elettaria Cardamomum) Seed.....A.B. 3 mg
- Satpushpa (Anethum Graveolens) Seed.....A.B. 4 mg
- Vacha (Acorus Calamus) Rhizome.....A.B. 1 mg
- Putikaranja (Caesalpinia Crista) Root Base.....A.B. 2 mg

Key Ingredients:

1. **Hing (Ferula Assa-foetida):** Carminative, anti-spasmodic, and digestive stimulant.
2. **Satpushpa (Anethum Graveolens):** Relieves flatulence, bloating, and abdominal pain.
3. **Elaichi (Cardamom):** Promotes digestion and reduces nausea.
4. **Ativisha (Aconitum heterophyllum):** Useful in infantile gastrointestinal disturbances.
5. **Khurasini Ajwain:** Relieves gas, aids bowel movements, and supports digestion.
6. **Vacha:** Enhances appetite and reduces bloating.

7. **Putikaranja, Nimbu crystal, Black Salt, and Sindhav:** Improve digestion and enhance taste.

Key Benefits:

1. Provides fast relief from infantile colic and abdominal cramps
2. Reduces gas, bloating, and indigestion
3. Improves digestion and appetite in children
4. Herbal formula safe for pediatric use
5. Soothes the stomach without causing drowsiness
6. Enhances nutrient absorption in growing infants
7. Sugar-based but balanced with low preservatives for safety

Indications:

1. Colic and abdominal cramps in infants and toddlers
2. Indigestion, gas, and bloating
3. Infantile restlessness due to gastrointestinal discomfort
4. Poor appetite and irregular digestion in children
5. Herbal support during weaning transition

Directions for Use:

1. Shake well before use
2. Use the dropper provided for accurate dosage
3. Can be administered directly or mixed with water or milk
4. Follow physician's advice for infants below 6 months

Dosage and Administration:

1. **Infants (up to 6 months):** 5 drops twice daily or as advised
2. **Children (6 months to 2 years):** 10 drops 2–3 times a day
3. **Children (above 2 years):** 15–20 drops 2–3 times daily
4. Best taken after feeding for colic or as directed by a healthcare provider

Safety Information:

1. Use under the supervision of a pediatrician
2. Do not exceed the recommended dose
3. For pediatric use only
4. Ensure the cap is tightly closed after use
5. Use the dropper hygienically and avoid contamination
6. Not a substitute for medical advice in serious gastrointestinal issues

Mechanism of Action:

- **Hing** acts as a natural antispasmodic, relieving intestinal cramps by relaxing smooth muscles.
- **Satpushpa** stimulates peristalsis and reduces gas build-up in the intestines.
- **Ativisha and Khurasini Ajwain** enhance digestion and reduce toxins (Ama) in the gut.
- **Elaichi and Vacha** promote bile flow, reduce inflammation, and soothe the gastrointestinal tract.
- The synergy of these herbs balances Vata and Pitta doshas, which are primarily involved in colic and digestive irregularities in children.

Contraindications:

1. Known hypersensitivity to any ingredient in the formulation.
2. Not intended for adults or elderly.
3. Avoid in cases of severe vomiting or dehydration unless advised by a physician.

Side Effects:

1. Well-tolerated in recommended doses.
2. Rare: mild allergic reaction (rash) or irritation due to essential oils. TM
3. No known sedative effects.

Important Notice:

- This is a traditional Ayurvedic formulation for symptomatic relief, not a replacement for professional pediatric care.
- Always consult a healthcare provider if symptoms persist or worsen.
- Do not use expired product.
- Maintain hygienic use of the dropper for every dose.

Storage Condition:

1. Store in a **cool, dry place below 25°C.**
2. Protect from **direct sunlight and moisture.**
3. Keep the bottle **tightly closed** after each use.
4. Keep out of reach of children.

Packaging information:

- Packaged in 30 ml pet bottle with Mini dropper Pack Bottle.
